10. Clarification for Quoting Rates for Various Schedules

1. The University conducts examinations in which **approximately 3000 different question papers** may be prepared for each examination session. These question papers may contain **1 to 15 pages** and may be printed in **various languages** as required by the University.
2. **Schedule–1** is meant **only for DTP work and preparation of digital copies** of the question papers.
    - The bidder shall quote the **rate per page** for **data entry, typesetting, formatting, and preparation of the final digital file** ready for printing.
    - This schedule **does not include any printing, paper, packing, or transportation charges**.
    - The rate quoted under this schedule shall be **only for DTP and formatting work**.
    - As per requirement of university email for uploading on dash board of ERP system.
3. After completion of the DTP work, the question papers will be printed under the **remaining schedules (Schedule-2 onwards)** depending on the **number of pages/leaves and pack size** mentioned in the bid.
4. The **rates quoted in the printing schedules** shall include the **complete cost of printing**, including:
    - Paper cost
    - Printing cost (Offset/Digital as applicable)
    - Packing and bundling cost
    - Transportation / logistics cost up to the designated examination centres
5. The **cost of DTP work shall not be included in the printing schedules**, as the same is **covered separately under Schedule-1**.
6. Each printing schedule represents **a specific combination of page count, leaf count, and pack size** (e.g., 10 pack, 20 pack, 60 pack).
7. For every examination, the **Examination Section will provide the exact quantity of each question paper and the required pack size**.
8. Each question paper shall be treated as a **separate item for printing and packing**, and the vendor shall print and supply the required quantity as instructed by the Examination Section.

9. The bidder shall quote the rates carefully considering that the **total cost of paper, printing, packing, and delivery must be included in the respective printing schedules**.
10. The **entire responsibility for printing, packing, and safe delivery** of the question papers shall remain with the vendor as per the instructions of the Examination Section.

---

11. Explanation of Price for Schedule II onwards (Printing, Packing & Delivery)

The prices quoted by the bidder in **Schedule – II onwards** shall be on a **per copy basis**, depending on the **number of pages in the question paper and the packet size used for packing**.

The rates quoted in **Schedule – II onwards** shall be **inclusive of all costs**, including but not limited to:

- Supply of paper
- Printing of question papers
- Barcode printing
- Folding / stitching wherever required
- Packing of question papers in packets
- Tamper-evident sealing and packing
- Placement in inner and outer boxes / covers
- Handling, transportation, and **delivery to the designated centres as instructed by the University**

No separate charges shall be payable for the above activities.

Effect of Packet Size on Rate

The rate structure is designed such that **larger packet sizes reduce the packaging cost per copy**.

Smaller packets require more packing and handling effort per copy, whereas larger packets reduce packing effort per copy. Therefore, **the rate per copy generally decreases as packet size increases**.

Example Rate Structure

The printing rate depends on the **number of pages in the question paper and the packet size used**.

No. of Pages in Question Paper	10 Paper Pack (₹/Copy)	20 Paper Pack (₹/Copy)	60 Paper Pack (₹/Copy)
1 Page	1.90	1.50	1.23
2 Pages	1.50	1.30	1.17
3 Pages	1.37	1.23	1.14
4 Pages	1.30	1.20	1.13
5 Pages	1.26	1.18	1.13
6 Pages	**1.23**	**1.17**	**1.12**
7 Pages	1.21	1.16	1.12
8 Pages	1.20	1.15	1.12
9 Pages	1.19	1.14	1.11
10 Pages	1.18	1.14	1.11

Example for Understanding Total Price Calculation

Assume the following:

- Question paper length = **6 pages**
- Packet size used = **60 copies per packet**
- Printing rate (Schedule – II) = **₹1.12 per copy**
- DTP rate (Schedule – I) = **₹18 per page**
- Total copies required = **10,000**

Step 1 – Printing Cost

10,000 copies × ₹1.12 = **₹11,200**

Step 2 – DTP Cost

6 pages × ₹18 = **₹108**

Step 3 – Total Cost

Total Cost = Printing Cost + DTP Cost

= 11,200 + 108 = **₹11,308**

This example is provided **only to explain the application of Schedule-I and Schedule-II rates**.

Uniform Rate for Printing Quantity

The rate quoted under **Schedule – II** onwards shall remain **uniform per copy for printing of any quantity from 100 copies onwards**, and shall apply to any number of copies required by the University for a particular question paper.

Quantity for Price Discovery

The quantities indicated in this bid document are **approximate and provided only for the purpose of price discovery and comparison of bids**.

The **actual quantity of question papers to be printed, packed, and delivered may vary** depending upon:

- Number of students appearing in the examination
- Number of subjects / papers conducted
- Number of question papers required
- Number of pages in each question paper
- Examination scheduling and operational requirements

Accordingly, the **actual quantity of work may increase or decrease**, and the successful bidder shall execute the work **at the approved contract rates without any claim for variation in quantity**.

The University reserves the right to **modify packet sizes, quantities, and distribution of question papers** as per examination requirements.
