D.O.No.11/13/2015-SS

Dated, the 19<sup>th</sup> January, 2016.

Dear Sir,

Sent Through e. office  
Secretary Sectt...37200  
Date...22/1/16

You are aware that as per the present jammer policy (uploaded at [www.cabsec.nic.in/circular\\_Policy\\_Jammers.php](http://www.cabsec.nic.in/circular_Policy_Jammers.php)) statutory examination conducting bodies have been permitted to deploy low powered jammers in examination halls in order to prevent adoption of unfair means through radio frequency based devices.

2. M/s ECIL and M/s BEL have currently been authorised under the present jammer policy for supply of low powered jammers. These organizations are expected to deploy jammers in examination halls on rental basis, based on requirements furnished by examination conducting bodies. Jammer models offered by other CPSUs are also currently under evaluation by security agencies. Prior permission of this office is however necessary before actual deployment of jammers. You will appreciate that proliferation of jammers is a serious security concern, and inviting open tenders for procurement of jammers from unauthorized sources is a violation of the policy.

3. In order to ensure that the provisions of the jammer policy are effectively implemented, I would suggest that the annual calendar of examination along with proposed examination venues where jammers are to be deployed may be shared with M/s ECIL and M/s BEL so that a realistic assessment of the number of jammers required can be made. The authorized jammer vendors are expected to make substantial investment in capital cost in production of jammers as well invest in logistic and manpower support. In order to enable deployment of jammers in a cost effective manner, the authorized vendors are expected to amortize the cost over a period of 3-5 years. We have requested authorised jammer vendors to develop a sustainable business plan accordingly. However, the financial aspects need to be mutually finalized between the vendors and your organization.

4. I would request your support to ensure that the policy with regard to low powered jammers is implemented effectively.

*With warm regards,*

Yours sincerely,

  
(Arti Bhatnagar)

Prof. Ved Prakash,  
Chairman, UGC,  
New Delhi.

D.O.No.F.1-1/2016(Secy)

By Speed Post

10<sup>th</sup> February, 2016

Dear Sir/Madam,

You may be aware that there is a Jammer Policy of the Government of India for the purposes of combating the menace of unfair means used during the conduct of examination in universities and colleges. Salient features of the Jammer Policy can be accessed from [www.cabsec.nic.in/circular\\_policy\\_jammers.php](http://www.cabsec.nic.in/circular_policy_jammers.php).

It may please be noted that the statutory examination conducting bodies have been permitted to deploy low powered jammers in examination halls in order to prevent unfair means used through radio frequency based devices by the examinees. Under the present jammer policy of the Government of India, M/s ECIL and M/s BEL have been authorized for supply of low powered jammers to deploy jammers in examination halls, on rental basis, based on requirements furnished by the examination conducting bodies. Inviting open tender from unauthorized manufacturers is a violation of the policy of Government of India in this regard.

You are hereby informed that prior approval of Secretary (Security), Cabinet Secretariat is necessary before deployment of jammers and procurement of jammers in the prescribed proforma giving details of examination centres where jammers are to be deployed.

A letter received from the Cabinet Secretariat ( D.O.No.F.11/13/2015-SS, dated 19<sup>th</sup> January, 2016) in this regard is also uploaded on UGC website [www.ugc.ac.in](http://www.ugc.ac.in). You are request to ensure that the provisions of the Government Policy on jammers are strictly implemented while installing the jammers in your esteemed institutions as well as in colleges affiliated to it.

With regards,

Yours sincerely,

(Jaspal S. Sandhu)

The Vice-Chancellors of all the Universities
