

Department of Library and Information Science, Veer Narmad South Gujarat University

Information Brochure

About VNSGU:

Veer Narmad South Gujarat University, as envisaged in the University Act, is to contribute to the field of higher education in the region and enable its inclusive development in all walks of life by making available trained personnel in various branches of human knowledge, keeping in mind the larger goals of nation-building. The University is committed to maintain high standards in both undergraduate and postgraduate teaching, promoting research and undertaking the requisite extension activities that would reach out to every section of society. Veer Narmad South Gujarat University has endeavoured to be an institution of excellence in higher education since its existence, keeping in view the regional needs and the emerging trends in the global scenario. A semi-urban University located at Surat city, the University has a campus spread over 210 acres. The mandate of the University is to meet the developmental needs of the seven districts and two Union Territory in the region and attempt at realizing their potential in every walk of life ranging from technology, business, industry and commerce to language, culture, and fine arts. The University is committed to the ideal of excellence of the highest order, as evidenced by its constant revision of existing syllabi and continuous addition of new courses. It aims at optimal use of all its resources in creating a knowledge society, where rigorous scholarship and high ethical standards are blended to meet the challenges of the 21st century India.

Introduction of the Department:

The Department of Library and Information Science has been imparting higher education in Library and Information Science field on the basis of self-finance programs. The Department offers courses in Bachelor of Library and Information Science since 1986-87 and Master of Library and Information Science (Part-Time since 1994-95 and now Regular base 2012-13).

The Department has made an arrangement to impart education on the basis of experienced and skilled guest faculty members. Extensively, the multimedia system is being used during the lectures to make students understand the subject. After completing the course, the students are placed as librarians in various public, private, special, educational and industrial libraries. Apart from this, many other avenues are available also to them. An association of the students of this Department "LISA" (Library and Information Science Student Association) is also functioning. The association renders its services with the help of internet to its members about the vacant positions in the field as well as information related to competitive examinations like NET and SET. The university has provided facilities to the Department for the promotion of higher education; hence M. Phil and Ph.D. programmes are being introduced from the academic year 2013-14.

Vision of the Department:

To provide leadership in Library and Information Science education by imparting quality and innovative teaching through research, academics and the ideal youth to society.

Mission of the Department:

- To impart quality and skill-based Library and Information Science education for improving leadership quality
- To furnish ingenious teaching and learning methods
- To Impart skill-based training with aptitudes for meeting the needs of Global Information Society
- To Cooperate with sister departments and achieve a centre with potential for excellence in Library and Information Science

PROGRAMME OFFERED

❖ Bachelor Of Library And Information Science (B.L.I.Sc)

➤ Description

Objective Of Program

- To educate the students to respond to the changing information needs of society.
- To give the students an understanding of the basic principles and theories of Library and Information Science.
- To develop proficiencies and abilities of students essential for management of libraries and information systems.
- To enable the students to understand the role of libraries and information centres in socio-economic development of the society.
- To acquaint the students with information and communication technology and its applications in libraries and information centres.

Program Outcome

Bachelor of Library & Information Science (B.L.I.Sc) will prepare the students to obtain positions as Information Scientist, Librarian, Academicians in any Library related Field.

Intake

Number of Admission : 50 Seats

Program Duration

- The program shall be full time regular program.
- The duration of program shall be of one year (Two Semesters)

Pattern

Pattern of Examination will be Semester System.

Attendance

Minimum attendance for keeping a semester is 80 % of the total number of theory and practical periods in each semester.

Eligibility Criteria

A graduate degree in any faculty are eligible to Bachelor of Library & Information Science (B.L.I.Sc.) course

➤ Eligibility Criteria

A candidate who has a graduate degree in any faculty shall be eligible to apply for Bachelor of Library & Information Science (B.L.I.Sc).

➤ Admission

Admission Details

An application in the prescribed form along with necessary testimonials for admission to the B.L.I.Sc. Course must be accompanied with prescribed fees. The last date of application for the admission for B.L.I.Sc. Course shall be notified by the University on the university website.

Refund Of Money

- Library Deposit shall be refunded only at the end of the course after making such deductions as may be required. A student shall withdraw his/her amount of deposit within six months after the declaration of results. If not withdrawn within the prescribed time, it may be forfeited.
- No other fees are refundable.

➤ Fees Structure : As decided by VNSGU.

Fees Structure (2024-25)

Note: Computer Laboratory fees as per VNSGU norms.

*Subject to revision periodically.
