

Master of Science in Mathematics

Program Specific Outcomes

- PSO1. Understand the fundamental principles of Pure and Applied mathematics.
- PSO2. Confidence increase in mathematical logic and reasoning ability.
- PSO3. Explore a newer way of mathematical applications.
- PSO4. Able to apply analytical and theoretical skills
- PSO5. Enhanced Computing skills to solve mathematical problems.
- PSO6. Prepare and motivate students for research studies in mathematics and related fields.
- PSO7. Assist students in preparing (personal guidance, books) for competitive exams e.g. NET, GATE, etc.
