# INTRODUCTION

**Dr. K. N. Chavda**  
(Hon' VC, VNSGU)

Namaskar ...!

Indic knowledge system or Hindu studies is the most comprehensive, cumulative and continuous knowledge system of the world. It has drawn attention and admiration of the finest visionaries of the world in every age; before various invasions interrupted our quest for knowledge, it was 'Hindu Studies' which made our nation the leading powerhouse in every field of Intellect.

Unfortunately, through centuries of defamation and demonization by anti-India forces – 'Hindu Studies' was marginalized and could not find its rightful place in mainstream academia, even after the independence of Bharat. VNSGU has taken this bold initiative of Integrating, 'Hindu Studies' into mainstream academia once again with the help of the finest scholars of our time.

This programme has been brought up because 'New India' the world leader India demands scholars, academicians, businesspersons, researchers, writers who will have 'Ancient Bhartiya Chetana' and whose souls are rooted in this "Punyabhoomi Bharat".
